50.	Latin American†, 1988, by Riverman	14	22	307	205-67%	133-43%	28-9%	6-2%	2-1%	\$6,555,604	0.86	1.11

These statistics are for active California-based sires with a minimum of 50 foals of racing age, ranked here by lifetime Average Earnings Index (AEI). The statistics contained in these rankings are compiled by The Jockey Club Information Systems Inc. (TJICIS). While every effort is made to prevent errors and omissions, California Thoroughbred cannot guarantee their complete and total accuracy. A dagger (†) indicates that a stallion has been pensioned, an asterisk (\*) that he has died, a dot (•) that he is now standing elsewhere, a number sign (#) that he did not stand in California in 2009 but stood in the state in 2010, a double dagger (‡) that he did not stand in California in 2010 but will stand in the state in 2011 and in bold that he is a freshman sire. In all cases, a sire will remain in the rankings until the year after his last California foals are two-year-olds. Statistics cover racing in North America (U.S., Canada and Puerto Rico), England, France, Germany, Hong Kong, Ireland, Italy, Japan, Mexico, Saudi Arabia and the United Arab Emirates (UAE) only. Percentages are based upon number of foals of racing age.
