VALUE AT THE NORTHERN CALIFORNIA SALE

August 10 marks the 18th consecutive renewal of the CTBA-hosted Northern California Yearling & Horses of Racing Age Sale. Over the years this sale has provided a service for California breeders and a successful outlet for consignors.

Also, with the shrinking inventory of horses at California tracks, it is important to note that a very high percentage of horses that go through the sales ring at this venue have populated the field sizes at Golden Gate Fields and the fairs, and several have competed successfully in Southern California as well.

We are pleased with this year's catalog and the support from breeders and consignors located throughout the state. Through the years this sale has proved to offer tremendous value as purchasers have realized significant profits both with racing and pinhooking. We have similar— if not greater—expectations for this year.

As mentioned, this sale has not only provided the needed racing product for this state, but also produced many successful horses who have gone on to reward their purchasers with earnings considerably in excess of their original purchase prices. Highlighted below are some examples of recent successes from the past few years. This sale offers tremendous value, and we hope to see you there. CTB

Sale Year	Horse	Earnings	Price	Consignor	Buyer
2019	Big Fish (2 stakes)	$229,018	$45,000	Harris Farms, Agent	Legacy Ranch
